SPORTSMAN BULLBAR AND SIDE RAIL KIT

VALUE

- Whether you're trail riding around the bush and want to protect your plastics, or mustering a herd of cattle and need to get physical these bars are for you.
- Made from light weight steel tubing, these bars are CNC machine bent to ensure the best quality fit and easy installation.
- They will fit in perfectly with the look of your ATV as they are powder coated.
- This Bullbar and Side Rail Kit is the best on the market today.
- Kit includes Front Bullbar and Side Rails. Please note: Side Rails cannot be purchased on their own they must be bought as a kit. Front box will not open fully.

SPORTSMAN® ULTIMATE SERIES

The ultimate rec / utility ATVs deserve the ultimate line of accessories. Equip your Sportsman XP® 1000 or 850 with our line of Ultimate Accessories and enjoy all-day comfort. Add a windshield to cut the bitterly cold wind, keep your hands warm with a simple-to-install hand warmer kit, prevent items from sliding off your racks with an extension kit, or simply add more storage.

SPORTSMAN® ULTIMATE SERIES WINDSHIELDS

WINDSHIELD FAIRING

- **Customizable system based on your style and protection needs**
- **All-new fairing is the base for the best wind protection system to date**

KEEP IT ICE COLD

Polaris Northstar® Coolers can survive just about anything - from extreme heat to a nasty tumble off a vehicle. So when we say ice will stay cold for hours on end and anything inside will stay locked up tight, we mean it.

GRIZZLY TESTED. POLARIS® APPROVED.

This cooler is IGBC-approved, meaning it withstands the power expended by a typical grizzly bear if it was trying to get inside. Seriously, there are experts who know what a grizzly is capable of doing, and they certify that the Polaris Northstar® Cooler can take it.

CERTIFIED BEAR RESISTANT
Interagency GRIZZLY BEAR Committee

CLEAR THE WAY

DEPENDABLE. TOUGH. BUILT FOR THE OFF-ROAD.

SYNTHETIC WINCH ROPE

- Includes pre-woven hook

» 2878888

3500 LB (1588 KG) & 2500 LB (1134 KG) WINCHES

WHY UPGRADE TO SYNTHETIC?

- Easier to work with - flexible and smooth texture
- More durable for plow usage
- Doesn't kink or bind like steel cable
- Lighter weight - even floats on water

PRO ARMOR® TYRES

Polaris® and Pro Armor® developed a deep partnership thanks to having similar histories and passion for producing products that enhance vehicle performance. Each wheel and tyre Pro Armor® designs and engineers for Polaris® off-road vehicles perform perfectly in the intended environment for its intended use. Developed, tested, and produced in partnership so you can tackle the terrain ahead.

10-PLY

Pro Armor® builds the toughest tires to keep you running when the terrain turns tough. A higher ply rating means added protection. Choose your tire and ply rating based on use and overall performance needs.

DUAL COMPOUNDS

You don't ride or drive in the same terrain, so Pro Armor® builds certain tires with multiple wear zones. A dual-durometer design allows the tire to wear better with softer outer lugs and harder inner lugs.

TYRE: ***DUAL-THREAT*** **WHEEL:** ***BUCKLE ACCENT***

TRIPLE-BELTED SIDEWALLS

Sidewalls can be a vulnerable area of any off-road tire. Rocks jump out at your machine and tear into sidewalls. Thanks to reinforced construction in this critical area, Pro Armor® resists when others fail.

TORTURE-TESTED TOUGH

We set out to develop the best-performing, tightest-sealing cab on any utility side-by-side. Talk is cheap without proven results. Dust, water, noise—all proved troublesome for the competition, but not for *RANGER* Pro Shield™. **The results speak for themselves.**

4,828 km RATED

Pile on the miles with Pro Armor® tyres. Every tyre is designed and constructed with longevity in mind. With ratings of 4,828 km and beyond, you are assured long life and performance.

KNOW YOUR TYRES

DIMENSIONS
28" × 9" R14
TYRE HEIGHT / TYRE WIDTH / WHEEL DIAMETER

TREAD DEPTH
A deeper tread means more grip and better performance

WEIGHT
A lighter tyre makes for improved vehicle performance

PLY RATING
Indicates the overall load capability of the tyre

SIDEWALL BELTS
Sidewall belts increase your resistance to sidewall punctures

LOAD RATING
Tyres with higher load ratings can handle more weight

PADDLE DEPTH
Increases grip and performance in the sand

TRAIL

PRO ARMOR® DUAL-THREAT NEW

FRONT REAR

Engineered with dual-compound technology and radial construction to offer revolutionary off-road performance in all terrains. The lateral-grip compound on the outer edges of the tyre has a softer durometer rubber for cornering performance and superior grip. The long-wearing compound in the middle of the tyre has harder durometer rubber for increased traction during acceleration, straight line stability, and overall longer tread life.

ALL-TERRAIN TRACTION

It's tough to make Sportsman® and Polaris ACE® even more versatile than they already are. But with a set of Prospector Pro® Tracks, you'll do just that. Tread through deep snow without concern.

Polaris®-specific gearing provides 1:1 ratio to:

- Minimize track slip, providing better climbing ability and improved traction in deep snow
- Improve top speed over prior models by approximately 5%
- Reduce operating RPM for a quieter ride
- Improve driveline durability, which allows vehicle to run at a lower RPM, decreasing engine wear

Polaris® Exclusive optimized hub geometry that minimizes feedback and eases steering effort

New front dual stabilizer for improved stability

Lightweight design provides for better flotation, eases steering effort, and provides better vehicle control

Flexible lug design provides the highest level of deep snow performance by lifting up in deep snow as opposed to digging down

INTRODUCING

RIGID®

ADVANCED TECH

Rigid® lights are driven by Aluminum PCB Smart Boards™ with copper thermal conductive pads, gold-plated electrical contacts, 6063-T5 aircraft aluminum extruded housings treated with Alodine® corrosion preventive, and Tiger Drylac® UV protection polyester powder coating.

EXCLUSIVE OPTICS

RIGID® hand-selects the brightest high-tech LEDs from the best manufacturers. The LEDs shine through patented optics that maximize total light output and efficiency. RIGID® lights feature impact-resistant polycarbonate lenses for a 100% water/dustproof seal.

RIGID® LIMITED LIFETIME WARRANTY* *BREAK YOUR LIGHT AND RIGID® WILL REPLACE OR REPAIR IT FOR LIFE*

PRO ARMOR®

RUGGED STYLING DURABLE CONSTRUCTION

Pro Armor® lights are designed to be big and beefy with an aggressive style all their own. Housed in IP67 marine-grade rated UV Polyester powder-coated with precision-cast end panels and oversized, extruded aluminum heat sinks to keep the temperature down.

MASSIVELY BRIGHT

Counting up to 66 3-5 watt CREE® LEDs pushing over 11,000 lumens, Pro Armor® lights are some of the brightest in the industry. All that power is directed through heat-dissipating aluminum printed circuit boards for streamlined heat management.

8 BEAM PATTERNS
