# Aussie Made for Aussie Adventures

While many camper trailers on the market are manufactured overseas and assembled locally, Cub proudly stands behind complete Australian manufacturing. Our campers are made from 100% Australian steel, 100% Australian canvas and are fully manufactured in our factory in North Rocks, NSW.

The durability and reliability of Australian materials are essential for dealing with the harsh Australian climate and we don't cut any corners in providing quality camper trailers to adventurers who won't settle for anything less than the best.

## Over 50 years of experience

The camper trailer market has seen many manufacturers come and go over the years, but the Cub name has held strong. Originally starting as a box trailer business in 1968, Cub has been in the camper trailer business for over 50 years, making us the longest running Australian-made camper trailer manufacturer in the country. In that time, we have gained the knowledge and experience to build our trailers to suit the harshest conditions the outback can throw at them.

## Ezy-Going Holidays

Developed by Cub founder Roger Fagan in 1998, the Ezy-Wind system is what really sets our campers apart when it comes to easy set up. With the help of this innovative technology, your Cub will be up in a few short minutes and is simple enough for one person to set up on their own, whether they're eight or eighty years old. All Cub Campers come standard with a silent winch so there's no need to worry about waking up your neighbours on those early morning starts.

## Loads of standard inclusions for an even better ride and more comfort

Want to read in bed, and keep your phone charged? Bedside lights and USB outlets are standard on the Brumby, Escape, Longreach, Frontier and Drifter II. We've also made floor lighting standard across the Cub range and included the flick-mix tap and 12V pump in every Cub kitchen, which are just some of the many comfort features we've included to make your camping experience even better.

Cub's touring model, the Weekender, features AL-KO 4 leaf shackle spring suspension as standard – perfect for light off-road travel - while the Explorer and Traveller are built for off-road explorations capable of taking on tough dirt roads and heavy corrugations. For the more adventurous campers, independent suspension is standard on the Brumby, Escape, Longreach, Frontier and Drifter II models, allowing you to tackle the toughest terrain your vehicle can handle.

## Accessory packs – upgrade and save

We've bundled together some of the most popular optional extras into several different accessory packs to allow you to customise your trailer to your tastes. The accessory packs are designed to give you maximum flexibility – and to help you save money at the same time. Into serious off-roading? Add the adventure pack to one of our off-road camper trailers. Need more power? Add a power pack. Our wide variety of packs and optional extras allows you to customise any Cub camper to your needs.

For those looking to conquer the most intense off-road conditions Australia has to offer, Cub's off-road range of campers can be made even tougher with the Xtreme Off Road Packs.

## A Cub is a great investment

Cubs are built to last, which means you can travel deep into the outback knowing that you and your camper will get there in one piece, while our exceptional after-sales service ensures that if you ever need us we're just a phone call away. Our canvas carries a 5-year warranty. All our off-road models offer a 5-year warranty on the body, chassis and suspension. The light off-road model (Weekender) offers a comprehensive 4-year warranty on the body, chassis and suspension.

# WEEKENDER

The Perfect Small Car Companion!

*So light, it can be  
towed by most small and medium cars!*

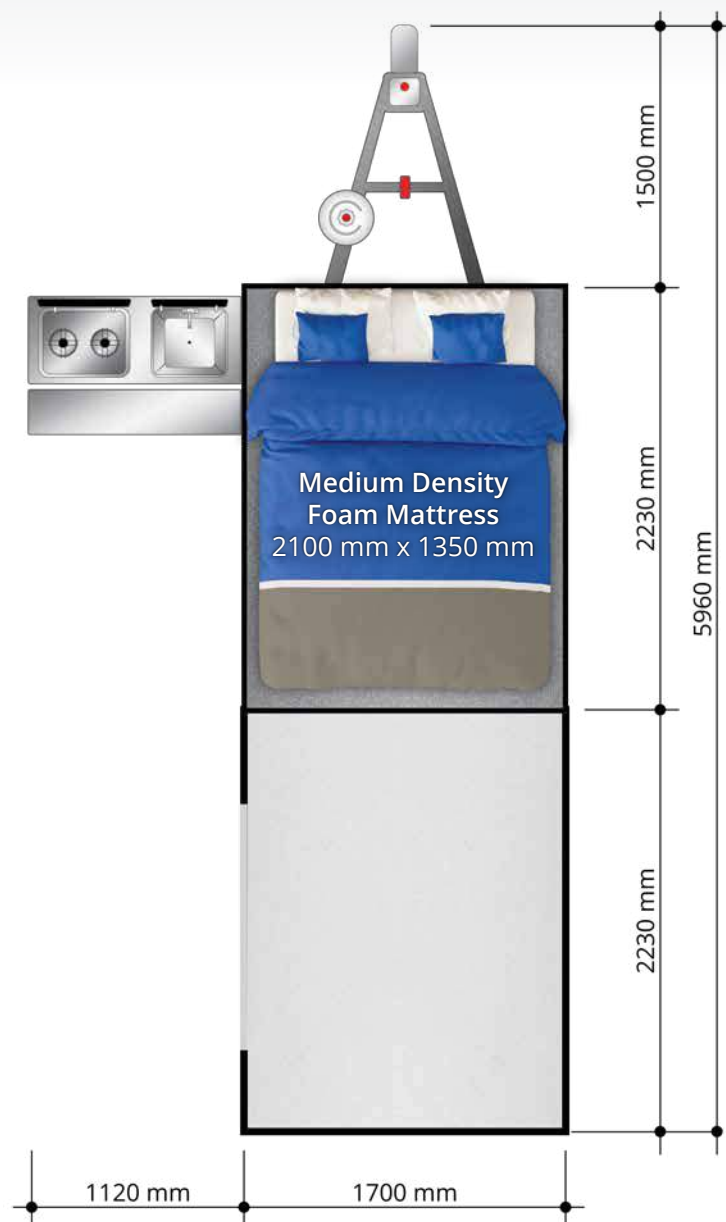

This is one of our most popular models and it's easy to see why. The camper is so light it can be towed by most small and medium-sized cars and set-up is a breeze.

The Weekender comes with light off-road capability, 4-leaf shackle spring suspension, 15" steel rims and a silent winch as standard.

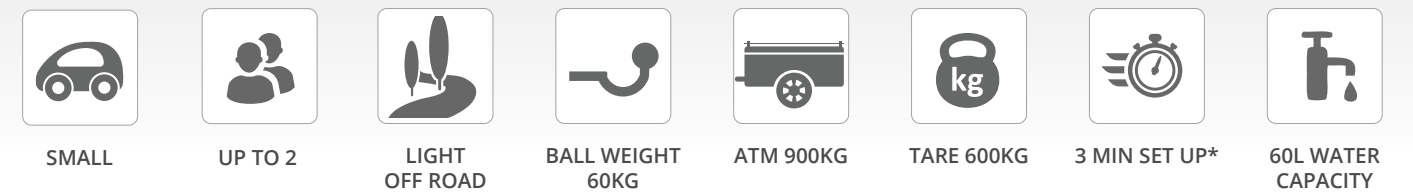

Whether you want a reliable Aussie-made camper for regular weekends away or longer trips throughout the year, the Weekender has everything you need for that quick getaway.

**Note:** Width dimension only applies to the actual body itself; wheel flares will add another 120mm width to this model. The tare and ball weights are a guide only and will change depending on drawbar layout and accessories fitted to your camper. Please discuss with a member of the Cub sales team prior to purchase.

# EXPLORER

Affordable Aussie-Made Off-Roader

You can be *budget conscious*  
and buy *Australian-made!*

The Explorer comes with a Smev 2-burner stove, sink and stainless steel pantry as standard, a full-width fridge box and silent winch.

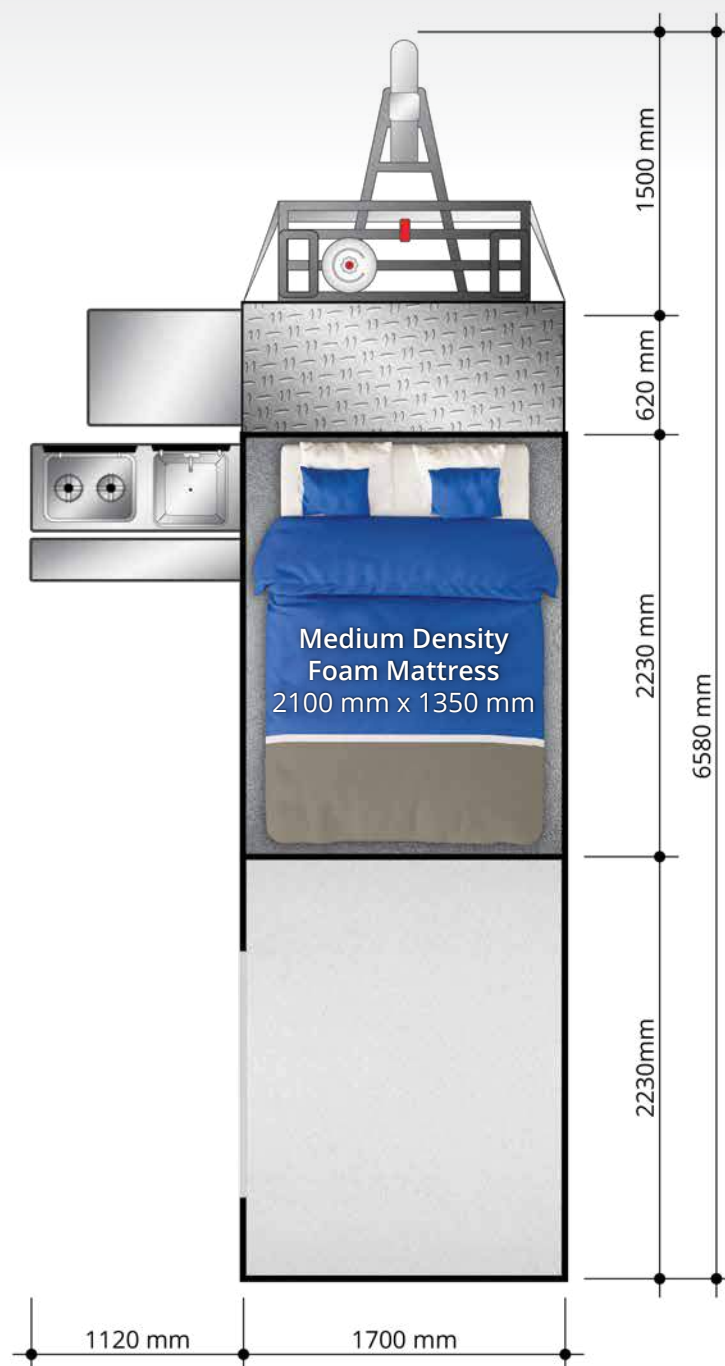

Also features updated powder coated locker doors and graphics and galvanised all-Australian steel chassis. With all Australian steel and canvas and full off-road warranty – wherever you want to

go, in whatever conditions, the Explorer will take you there.

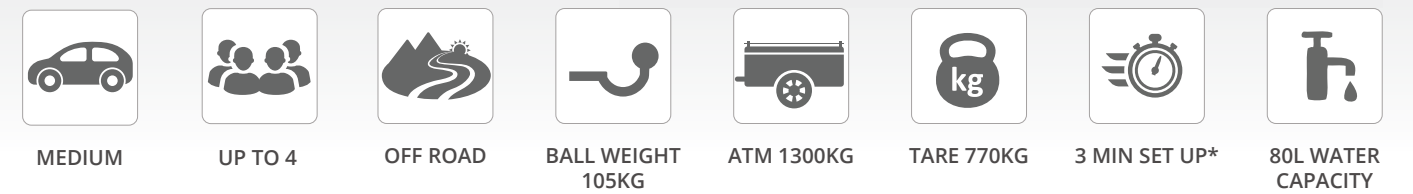

You can be budget conscious AND buy Australian-made! If you have been looking for an Australian-made off-road camper that suits your budget, the Explorer could be it.

# BRUMBY

The Iconic Camper For Off-Road

*With a rugged construction and compact body, it can go places others can't.*

This is the camper Cub is known for – with good reason. It is built to cope with outback conditions; with a rugged construction and compact body, it can go places others can't.

Also comes with a 5-year warranty on the canvas, independent suspension and chassis. The hard floor keeps you high and dry, in the

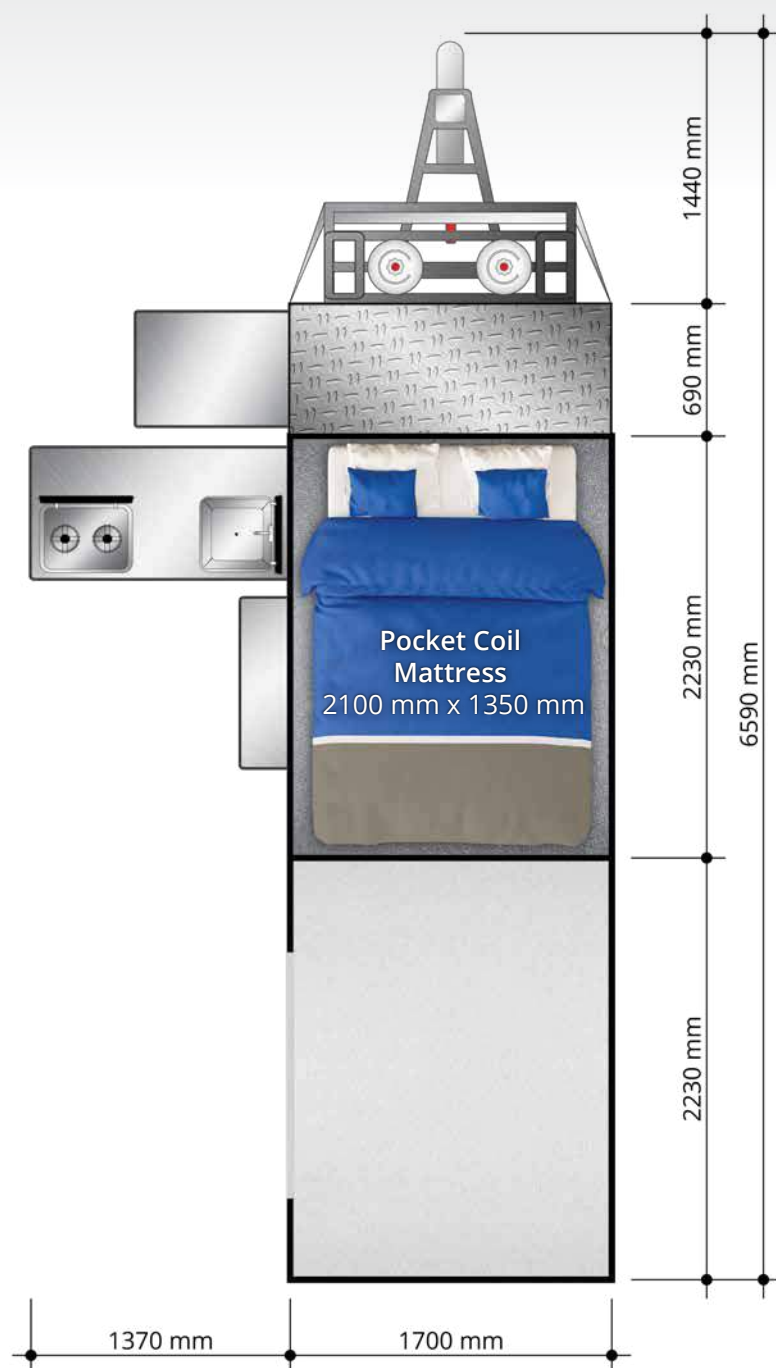

desert or the rainforest and this model is packed with premium features.

There's a 2 burner Smev stove and stainless steel sink, LED bedside lighting, solar input, two 4kg gas bottles, two 20L jerry can holders, 80L water tank, loads of power inclusions and more!

# TRAVELLER

Affordable Mid-Size Off-Roader

*Light to tow and easy to set up -  
and over 5 metres of living space!*

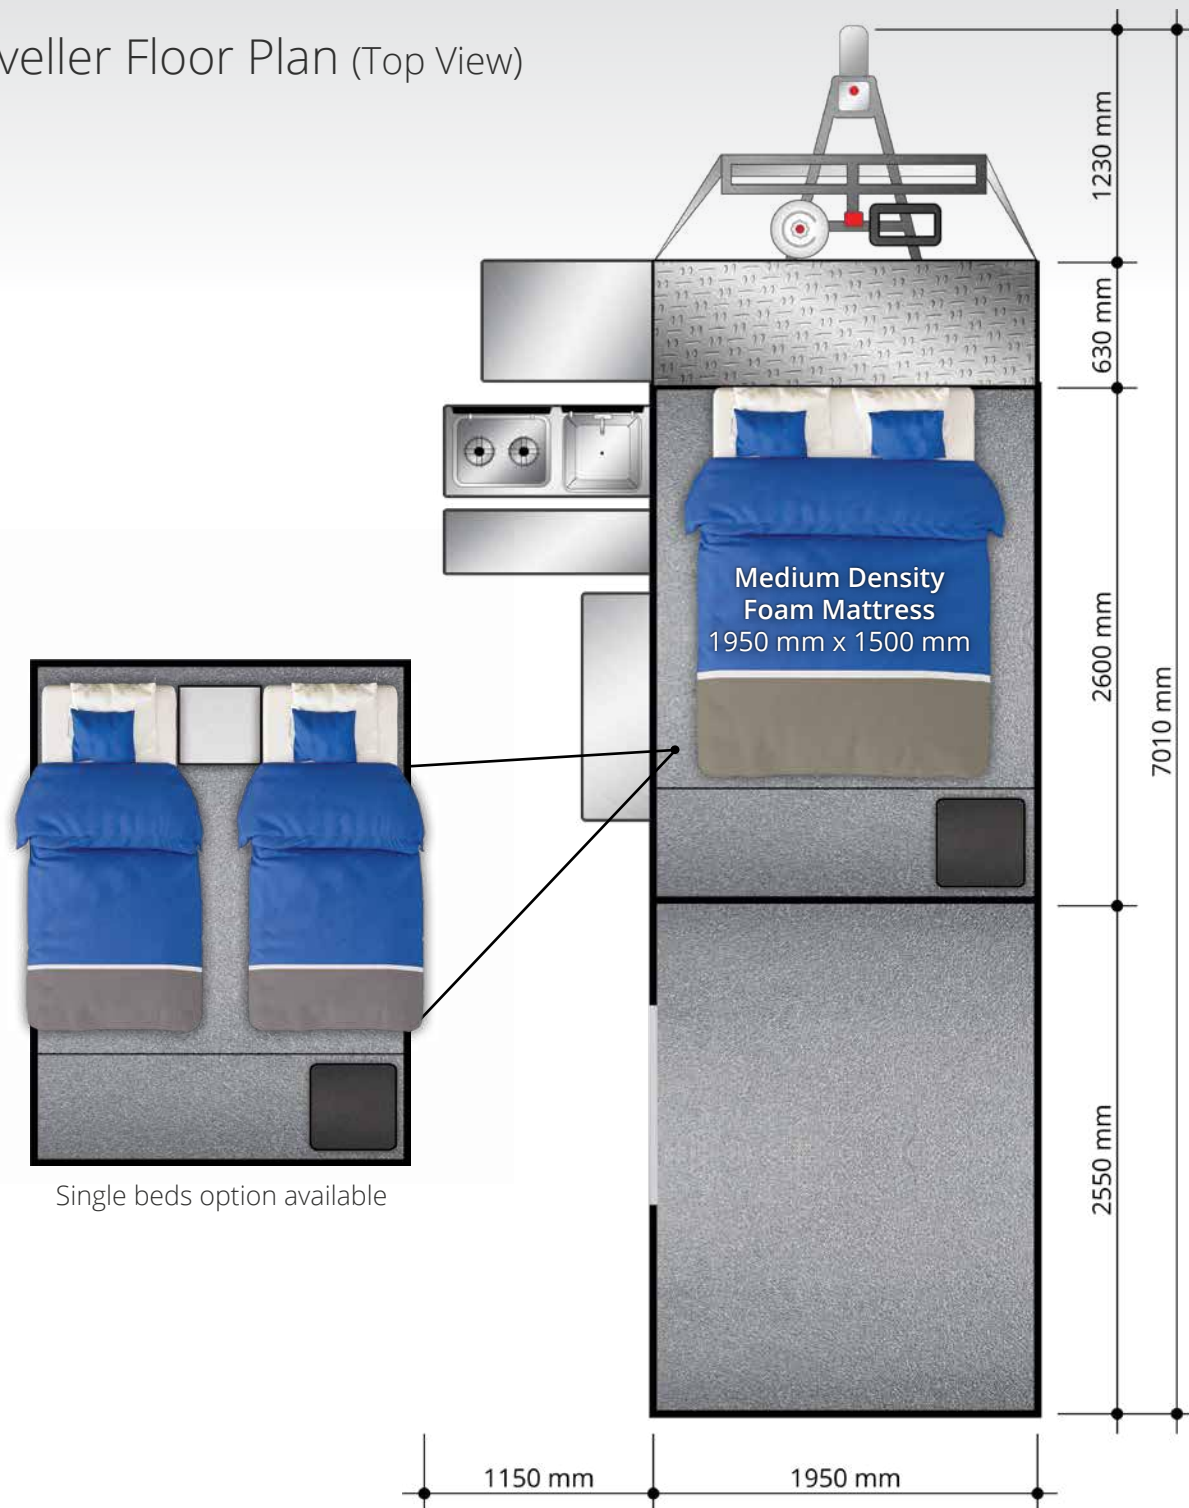

The standard Traveller has been upgraded to an off-road model and is still the ideal camper for couples and families who are looking for a no fuss camping holiday, or want to get away from it all. Light and compact to tow, easy to set up – and over 5 metres of living space! The area at the foot of the bed is perfect for an optional set of drawers and is unique to Cub's 2.6 Series. With this extra area, Cub's 2.6 Series provides

significantly more living space than other any other major brand of camper trailer of a similar size. That means there's plenty of room to throw down an extra swag or set up some bunk beds. You can also choose between queen and twin beds. The Traveller also comes with Mud Terrain Tyres, AL-KO 6 Leaf shackle suspension, fridge box, stone guard, jerry can holders and gas bottle as standard.

\*Indicated set up time does not include the awning.

# ESCAPE

Spacious Off-Roader With All The Essentials

Ideal for *families or couples* who  
want that *extra bit of space*

This popular off-road model is ideal for the family, or couples who want that bit of extra room to move. The area at the foot of the bed is perfect for an optional set of drawers and is unique to Cub's 2.6 Series. With this extra area, Cub's 2.6 Series provides significantly more living space than any other major brand of camper trailer of a similar size.

You can easily tow the Escape behind a 4WD, and set up is quick and simple. The camper opens up

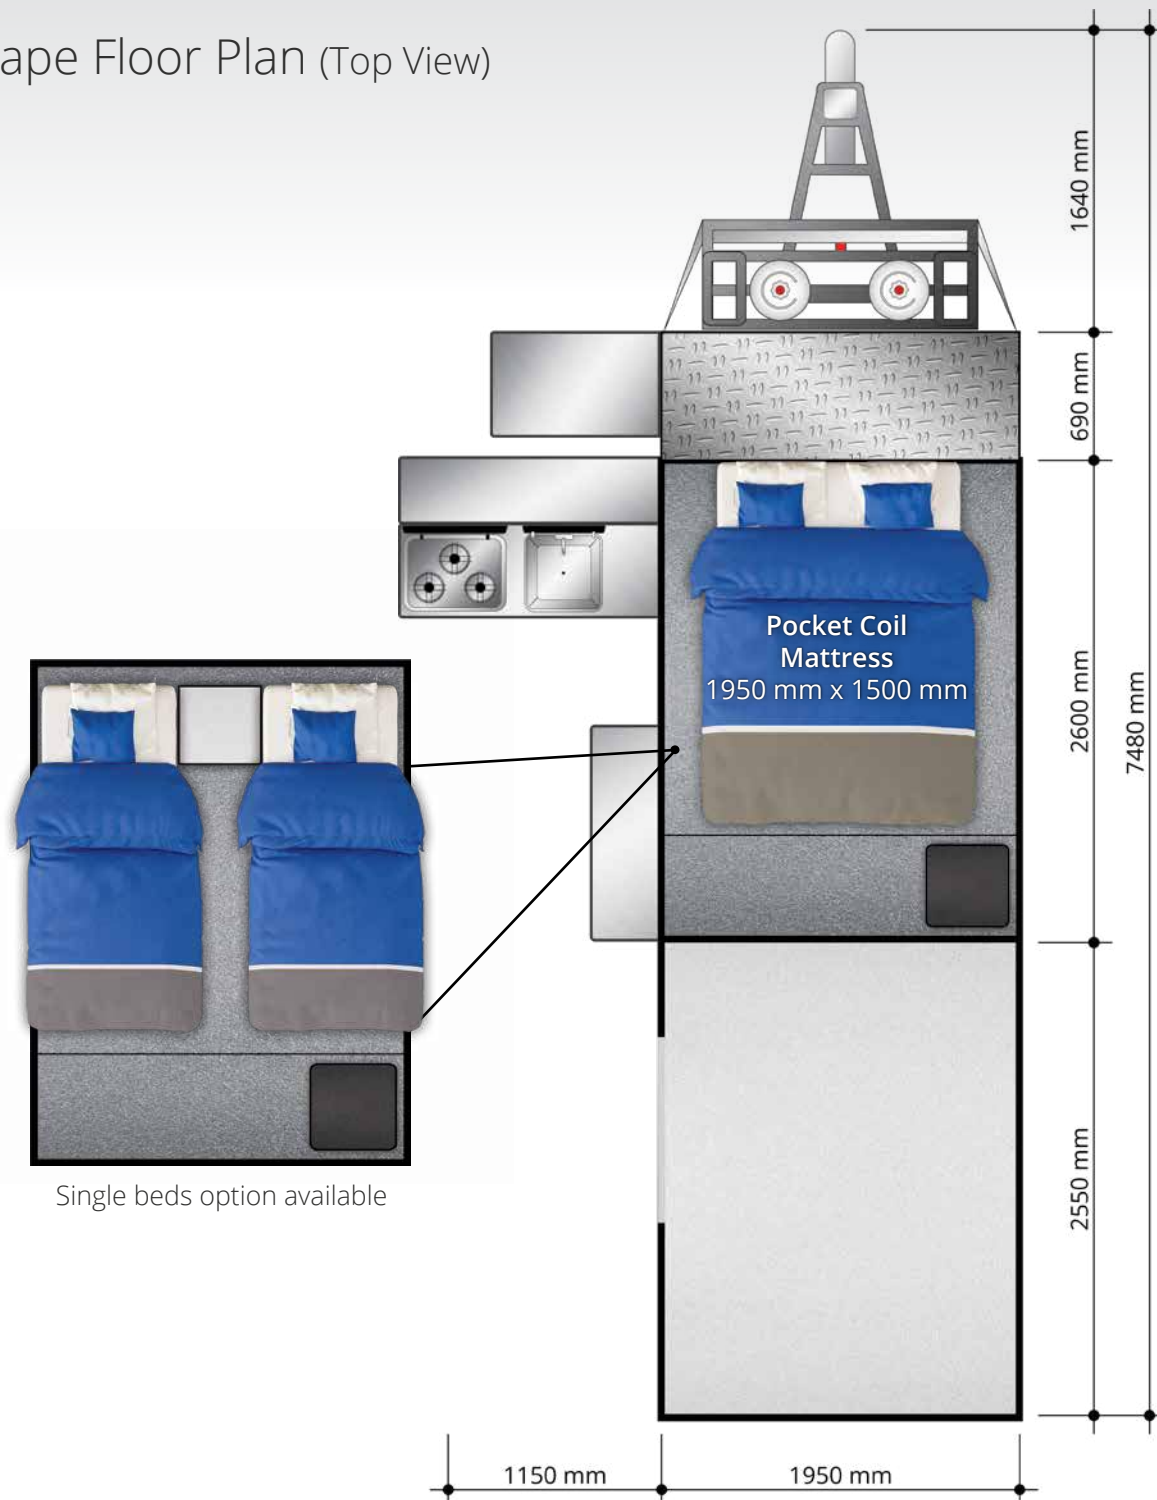

to over 5 metres of living space – plenty of room for a swag, bunks or extra storage.

As well as a fridge box and battery system; the Escape comes with independent suspension, 17" alloy rims, AL-KO off road ball hitch, LED bedside lighting, twin USB ports, 12V battery charger, 240V battery charger, solar input and dual recovery points as standard. This Cub also comes with queen or single beds as a layout option.

\*Indicated set up time does not include the awning.

# LONGREACH

## Deep-Sided Family Off-Roader

*All the **comfort** of a caravan,  
but so much **easier** to tow!*

The Longreach has everything the adventurous family needs for an unforgettable holiday – and more.

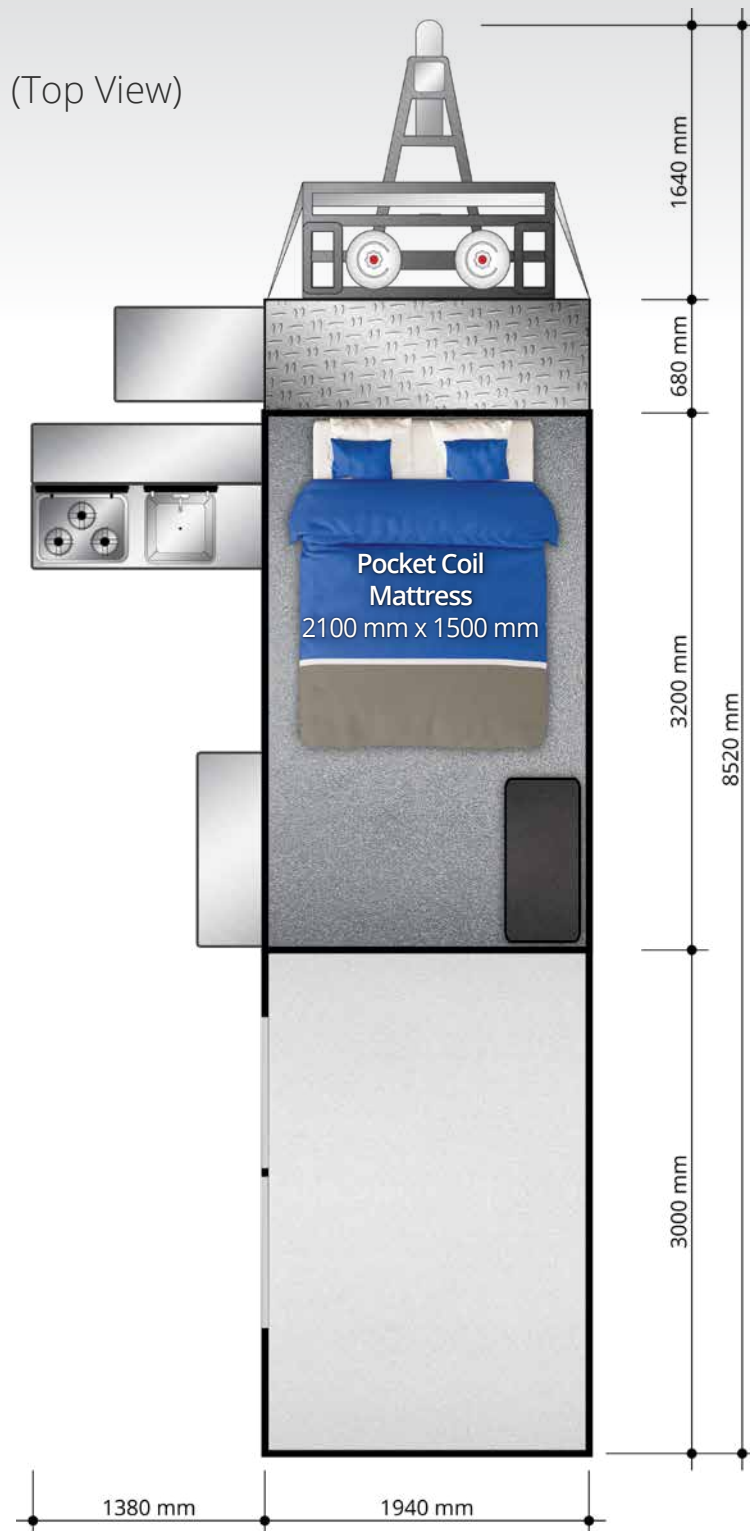

The Longreach comes with independent suspension and silent winch as standard, 17" alloy rims, Goodyear Duratrac tyres and full electrics - 12V battery charger, 240V battery charger, electric water gauge and pump, bedside lights and loads of USB sockets.

All the comfort and durability of a caravan, but so much easier to tow! Of course, it still comes with stacks of storage space, and plenty of room on the hard floor for extra bunk beds. A deluxe awning, which doubles the living space, is standard. A win-win! The queen size bed is a leg-stretching 2100mm.

# FRONTIER

The Only 100% Australian Made Forward Fold Camper Trailer

Perfect for those who *love adventure,*  
... but with a bit of *extra comfort!*

Perfect for those who love adventure, but with a bit of extra comfort! The Frontier has a queen-sized bed, a swivel-mounted dining table and a plush, Microfibre Leather lounge that converts into an additional double bed. The Frontier also comes standard with the rear wall with a window as standard.

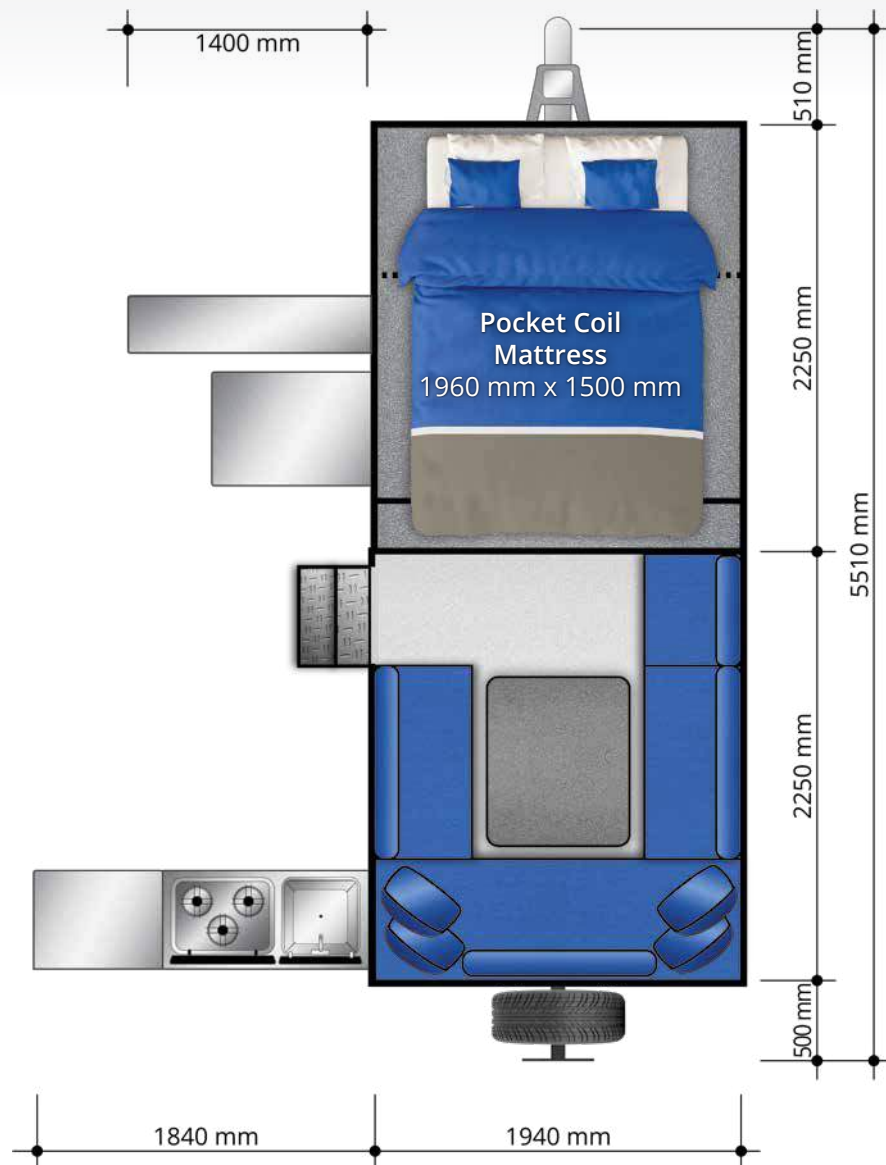

The kitchen features a fold-out shelf, Smev 3-burner stainless steel stove and a stainless-

steel sink. There's a luggage rack at the front of the trailer, and a 100L heavy duty water tank as standard – no need to use your storage space to carry water on long trips. Like all Cubs, the Frontier sets up in minutes. Additionally, the forward fold design means that if the trailer fits into a campsite, the set-up camper will too!

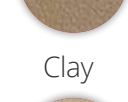

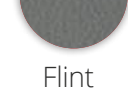

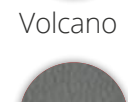

As one of the lightest forward fold campers on the market, towing is a breeze.

# DRIFTER II

The First Australian Made Double Fold Camper

*A new generation of  
family camper trailers!*

Many Australian campers can trace their first camping memories back to family holidays in the iconic Cub Drifter. The 6-berth family off-roader first hit the scene in the 1970s and although production stopped in the late 1990s, their robust design and family-orientated setup means that it's not surprising that to this day, it's not uncommon to see these ever-popular camper trailers pop up at campsites all around the country.

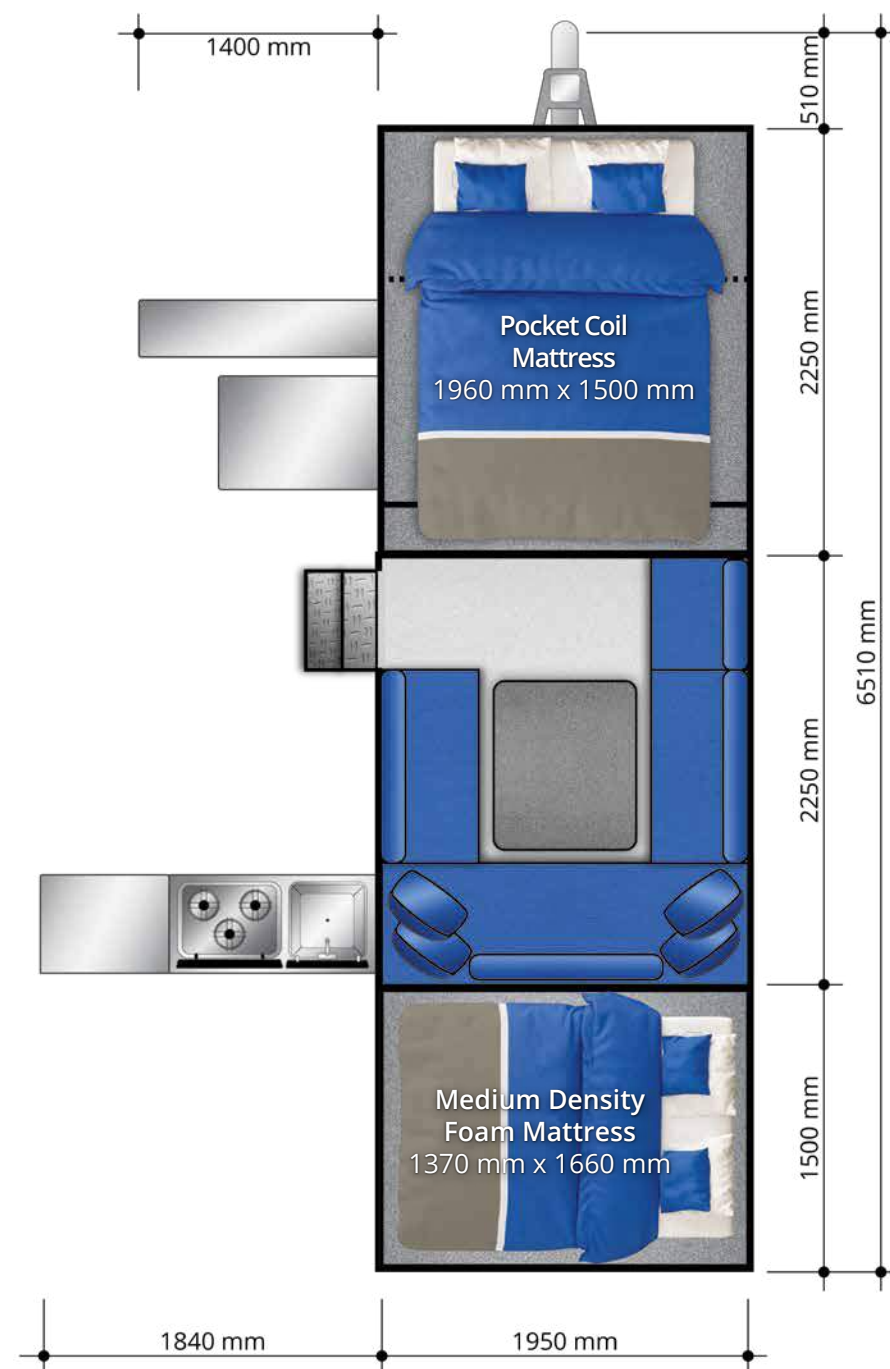

Building on what made the original Drifter such a success, as well as drawing inspiration from market demands for double-fold camper trailers, Cub Campers has officially launched the Drifter II – a new generation of family camper trailer for the next generation of Aussie campers.
