

SCOUT

The Cub Scout is one of the lightest forward fold camper trailers on the market and the perfect camper for those looking to get a 100% Australian Made forward fold off roader with all the essentials. With an AL-KO 8 Leaf shackle spring suspension, it's tough enough to tackle harsh terrains and rugged roads, but it's lightweight enough to be towed by most small-medium SUVs. This makes the Scout an ideal camper for those beach and caravan park holidays for the more casual camper, or the off-grid bush getaway for the more seasoned adventurer.

As a forward fold, the Scout has a small footprint and was built using the unique Cub design, making it lightning-fast to set up, requiring only one person.

All model specification details are subject to change

‡ The tare and ball weights are a guide only and will change depending on drawbar layout and accessories fitted to your camper. Please discuss with a member of the Cub sales team prior to purchase. Each Cub Camper is weighed on completion of build and a precise written weigh bridge certificate is then provided.
