A 4 tonne payload and compact dimensions of 2.30m width and 2.31m height make the KT407 a true all-rounder on any agricultural operation.

The KT407 cabin is characterised by a high level of operator comfort, such as the comfortable operator's seat or the excellent ergonomics of the operator's controls, which is reflected in highly efficient working with minimum exhaustion.

All-wheel steering, front wheel steering and crab steering ability means you can optimally react in every situation
