JOHN DEERE 500R

PRODUCTIVITY REDEFINED

THE NEW JOHN DEERE 500R SPRAYER IS NOW AVAILABLE

John Deere's 500R flagship sprayer delivers top-tier performance with precise application control, effortlessly effective rinsing, and perfect boom positioning that ensure every drop counts.

From our premium cab, you'll cover the most ground in greater comfort than ever.

Precision at any speed transforms what's possible in the field – and the 500R is engineered to deliver exactly that. Its high-speed stability, perfect droplet control, and exceptional operator comfort work together to unlock true productivity in every pass.

Spray at up to 30 km/h with confidence and protect your crops exactly as intended.

Features:

- 4000-6000 litre tank
- X9 Cab
- JD link and Operations Centre FREE
- 1.8 to 2.7 metre wide tread settings
- Hydraulic track width adjustment
- Full Technology package
- John Deere EXACTAPPLY
- 36/24 boom
